

National Intelligence Council

31 March 1982

NOTE FOR: Richard Lehman

SUBJECT: Travel

The following trips have been approved for me in the past.

- Two round trips to New York City (April 12/13 and 19/20) in response to invitation to participate in Council on Foreign Relations -- The Asia Society Joint Seminar on the Philippines.
- One round trip to Cambridge, Mass., in response to an invitation to participate in Harvard-East Asia Conference on Taiwan and South Korea. (N.B. Harvard will pay travel and some other expenses.)

Neither trip can be postponed as events are already scheduled.

cc: NIO/EA

STAT

NIO/EA's trip to Honolulu is in connection with a conference of American Ambassadors in East Asia. He has been asked to attend the conference and deliver a paper on Soviet policy in East Asia.

NIO/EA, who originally obtained approval for a two to three week trip through the East Asia area this year, has cancelled that trip in view of budget constraints, but would like to substitute three or four one day trips to New York, Boston and Pittsburgh to consult with banking, business and academic contacts on Japanese trade issues and China policy. None of these trips should exceed transportation plus six hours per diem. They are made in connection with the DCI's expressed request that the NIOs develop such contacts.

In connection with [] proposed trip to Japan, it should be noted that it is being made at the request of NIO/EA. [] will be the drafter of an NIE on US-Japanese economic relations and will profit greatly from spending a few weeks talking with Embassy and Japanese officials.
